

MEMORIAL DAY IN THE PHILIPPINES

To Be Observed in Manila For First Time.

WILL ADORN GRAVES WITH TROPICAL WREATHS.

Only Decorations Available as Flags Cannot Be Procured—In the Morning Solemn High Mass Will Be Said For Catholic Dead and in the Afternoon Protestant Services Will be Held—McKinley's Scheme to Give Natives a Voice in the Government About to Be Given a Practical Trial.

Manila, May 29.—[Special]—Memorial Day will be observed here for the first time. There are 246 graves in Paco cemetery and 287 at Battery Knoll. These are to be decorated by the dead men's comrades with tropical wreaths. These are the only decorations available as flags cannot be procured.

In the morning, solemn high mass will be said for the Catholic dead. The Protestant services are to be held in the afternoon.

Arrival of Fresh Troops. Washington, May 29.—[Special]—Gen. Otis informed the war department this morning of the arrival at Manila from San Francisco of the transports Ohio and Senator, with the Thirtieth infantry. One man was drowned during the voyage and four deserted at Honolulu.

Manila, May 29.—The Spanish newspapers publish a report, which is impossible of confirmation, to the effect that Aguinaldo is dead. The cause of his death, the papers say, is not exactly known, but they declare that he either committed suicide or was assassinated.

DEATH WAS DUE TO TREACHERY. Capt. Tilley of the Signal Service Bureau Killed by Natives.

Manila, May 29.—The cable ship Recorder has arrived at Iloilo, and reports that Capt. George H. Tilley of the signal service was killed or captured by natives of the island of Negros, who treacherously attacked his party. The Recorder expedition was in the service of the Eastern Extension Cable company, the English concern which operates the cable between Hong-Kong and Manila. Permission was recently given to the company to repair and replace certain cables in the Visayan islands. Tilley was sent along to represent the United States.

While she was at work between the islands of Negros and Cebu, it became necessary to land a party at Escalante, a port near Bacod, the capital of Negros. A launch was sent ashore, with the captain and second officer of the Recorder, a number of Malay seamen and Capt. Tilley. As the launch reached the shore a body of natives approached, bearing a flag of truce.

The party from the cable ship landed, whereupon the natives opened fire on them. Capt. Tilley and some of the others jumped into the sea and tried to swim to the ship. The Recorder's captain fought his way to the launch and got it under way just in time to prevent its capture. He succeeded in saving the second mate, who said that he had seen Capt. Tilley a moment before swimming near by. He was nowhere to be seen, however, and the launch returned to the Recorder, under heavy fire from the shore.

The sailors say that the native seamen who were captured were flogged and then cut to pieces. Within a short time after the Recorder's arrival at Iloilo troops started for Negros, and every effort will be made to rescue Capt. Tilley, if he is still alive.

IS NOT AFRAID OF RAINY SEASON

Otis Says the Campaign Will Be Vigorously Pushed.

Manila, May 29.—Gen. Otis says that the campaign against the Filipino insurgents will be prosecuted by the Americans with the utmost aggressiveness during the rainy season.

Eight passengers, who have been brought here, state that agents of Gen. Luna are arresting any of the natives who are suspected of sympathizing with the movement for peace. Among those arrested are several military and civil officials, who are kept closely guarded. The wound that Gen. Luna received in a recent battle is troubling him, and he intends to relinquish the active command of his troops in order to return to this city from San Fernando. Since his withdrawal from that place the natives under the command of Gen. Mascardo are reoccupying the country in the vicinity of the town.

Col. Summers of the Oregon regiment has been made brevet brigadier general for gallantry in the recent operations against the insurgents.

Wisconsin Is for Henderson. Milwaukee, Wis., May 29.—Congressman Henderson of Iowa will get a

vote of the united Wisconsin delegation for speaker. This was the net result of a long conference held here Saturday. The action of Wisconsin, it is claimed by the Henderson men present at the conference, means the election of the Iowa as speaker. It is asserted that Minnesota, Michigan and Ohio will follow suit, and with their votes and the pledges which Colonel Henderson has from eastern members he will have seventy votes, or within a score of enough to elect.

Mexico's Presidents. Mexico has had 55 presidents since 1821. Of these 16 have died violent deaths.

DEATH OF MRS. LARAMY

Passed Away Very Suddenly at Her Home in Beloit Yesterday Morning—An Old Resident.

Beloit, Wis., May 29.—[Special]—Mrs. Laramy, wife of T. W. Laramy died suddenly yesterday morning at her home, 354 W. Bridge street. Mrs. Laramy seemed very well and was very happy at the breakfast table and after breakfast went to the bath room to brush her teeth, when her husband heard her call. He hurried to her and found her reaching the bath room that she was bleeding from the mouth. She walked out of the bath room and laid on a couch and in a few moments expired. Mrs. Laramy was seventy-five years of age and has long been a resident of this city and an active member in the Second Congregational church. She was highly esteemed by everyone for her pleasant ways and the community at large mourn the death of this noble woman.

PRESBYTERIANS GO HOME.

General Assembly Closes After Cheering Financial Reports.

Minneapolis, Minn., May 29.—The 11th annual assembly of the Presbyterian church adjourned Saturday afternoon to meet next year in St. Louis. Many of the commissioners remained over to avoid Sunday travel, and several occupied pulpits in Minneapolis and St. Paul Sunday.

The last hours of the assembly were packed with statistics and facts about the church. The accounts of the trustees of the church showed \$340,447.42 in their hands, an increase of \$126,153.23 since a year ago. It was considered that the church was prosperous enough to increase the salary of the assembly stated clerk, the Rev. W. H. Roberts, of Philadelphia, from \$3,000 to \$4,000.

An attempt to get 4 cents per communicant assessment for the support of the general assembly reduced to 2 cents was a failure. This assessment yields so well that the stated clerk now has on hand a balance of \$30,818.20.

Anxiety Over Grand Trunk Strike. Toronto, Ont., May 29.—Anxiety is felt here over the possible outcome of the trackmen's strike on the Grand Trunk railway, and the likelihood of a combined strike of all train hands is being canvassed. In the event of the strike spreading it is not believed it would extend beyond the Detroit river, but would be confined to Canada.

British Refuses a Pardon. Washington, May 29.—Great Britain has again refused the request of the United States that Mrs. Maybrick be pardoned. This is the result of another application made for her release by Ambassador Choate, who has just cabled to Secretary May the answer he has received from the British foreign office.

Trans-Mississippi Congress. Wichita, Kan., May 29.—The tenth annual session of the trans-Mississippi commercial congress will convene in Wichita on Thursday. Over 1,000 delegates are expected to be present when President Craig opens the meeting. It is expected that this will be the most important of any of the sessions of this body.

Meet to Help Temperance. Peoria, Ill., May 29.—The twenty-ninth annual state convention of the Catholic Total Abstinence society was held here Sunday. About 2,000 members from Chicago, Springfield, Galesburg, Joliet and other towns were in attendance. Walter J. Gibbons, Chicago, was elected president.

Flaw in the Texas Law. Austin, Texas, May 29.—The Texas anti-trust law, which was so carefully drawn to avoid flaws, is now said to be in violation of the federal patent law. This discovery is announced by some of the best lawyers of this city, and it is understood that investigations along this line have been in progress for a week or more, and that the firm conviction is that part of the law at least is unconstitutional.

Freight Sheds Burn at Chicago. Chicago, May 29.—The Wisconsin Central freight sheds in Franklin street were destroyed by fire shortly before 10 o'clock last night. The loss to the building and its contents, consisting for the most part of freight awaiting delivery, is estimated at about \$50,000, covered by insurance.

Explosion Kills Two Men. Butte, Mont., May 29.—Two men named Angus McLeod and Anton Pedersen, were killed here Sunday by an explosion in the Diamond mine. McLeod was a member of the fire department of Superior, Wis.

THE LATEST NEWS FROM BADGERDOM

MRS. EGGETT, OF NEILLSVILLE, RELEASED.

No Evidence to Sustain the Charge of Murder Against Her—Edward Burton, of Chicago, Drowned at La Crosse—Two Men Escape From Jail at Sturgeon Bay.

Neillsville, Wis., May 29.—Mrs. Ella Eggett, who has for several months been held in jail on the charge of poisoning her husband, has been released upon the statement of the prosecuting attorney that not sufficient evidence had been secured to justify her detention and trial. The analysis by several chemical experts disclosed that no traces of mineral poison could be found in the viscera submitted for examination. William H. McCann who was convicted and sentenced to jail six months ago, was released upon pardon by Gov. Scofield.

Kenosha, Wis., May 29.—The summer home for poor children from Chicago, maintained by the Sisters of Kemper hall, will be opened in a few days. Sixty children gathered in the mission of the Sisters in Chicago, during the winter were brought here last year and spent four months in the home. The cottage has been improved and accommodations provided for a larger number of children. For five years the children have been given this treatment, and the summer home is now a part of the Sisters' work.

Wisconsin Pensions Granted. Washington, D. C., May 29.—Original—Frank Schaefer, South Germantown, \$6. Additional—James Campbell, Neillsville, \$4 to \$6. LA PRAIRIE TEAM RUNS AWAY

Fortunately None Were Injured—Hail Does Damage

La Prairie, May 29.—A team of spirited horses driven by T. A. Road and Ham Raymond became frightened at some other horses grazing by the roadside last Saturday evening, and threw the boys violently to the ground, freed themselves from the buggy and finally made their way home, leaving the badly broken harness and buggy by the wayside, while the drivers escaped injury except a good shaking up. The hail of Saturday evening did some damage in the western part of the county. B. H. Scott left a team hitched to a drag standing in the field while he made a trip to the house. As soon as the horses found they were without a driver and not tied they took a run over the field. Fortunately there was no damage done except a frightened boy, a tired team and some unnecessary dragging. Boys, profit by another's experience and hitch your team when you go to the house. Gene Wilcox, of Iowa, is in very poor health. Several farmers from the center of the town delivered fat stock last Monday. Bert Radle, who went to Denver for his health, is failing. The intense heat of that place seems more than he can endure. Mrs. Nelthorpe of Janesville, visited Flo Thomas last week. Miss Nina Cutler has returned home, after a short visit with friends in this town. W. T. Sherman lost a good horse from colic last week. Too much rain this week. Those who have not finished corn planting are very much discouraged. A pleasant dancing party at the Grange hall last Friday evening. A goodly number listened to a fine memorial sermon delivered by Mr. Richardson of Shopiere, last Sabbath, at the Grange hall. Services next Sunday at the usual hour, 8 p. m.

Emerald Grove

Emerald Grove, May 29.—A young cyclone visited this place Sunday evening, doing quite a damage to old buildings and windmills, and blowing down a great many trees. Mrs. Frank Coulter is spending this week in Chicago with her son Harry and his wife. Miss Abbie McArthur arrived home Friday from Elburn, Ill. Fred Schiller lost one of his horses last week. Mr. and Mrs. Sands, of Crystal Lake, are the guests of Mr. and Mrs. Robert Lillburn. Eggs are 11 cents at Gillies & Jones.

DREYFUS REVISION CASE BEGUN TODAY

HEARING BEFORE THE COURT OF CASSATION.

Report of the President of the Civil Chamber Favoring Revision, Read—Extra Precaution Against Disorder Have Been Taken—As Yet Proceedings Are Tranquil.

Paris, May 29.—[Special]—The hearing of the Dreyfus revision case before the court of cassation began today. The report of the president of the civil chamber of the court, favoring a revision, was read.

Extra precautions against disorder have been taken both indoors and out. As yet, however, all the proceedings are tranquil.

OWEN'S RETURN ENGAGEMENT

To Appear at Myers' Grand Next Friday Evening.

William Owen now stands at the head of the long list of young actors now touring the country. In some characters, among them D'Artagnan in "The Three Musketeers," he has no peer. A young man, just past thirty, he received his early dramatic education under such masters as Booth, Barrett and other great ones of their time. His work is all of that irresistible kind that once seen is never to be forgotten. He is always surrounded by a strong company, and his plays are staged and costumed in the best manner possible. Mr. Owen will appear at Myers' Grand next Friday evening.

PRESIDENT TO ATTEND

Grand Affair to Take Place in Minneapolis and St. Paul Some Time in August.

Washington, May 29.—[Special]—It is now certain that the president will attend the grand review of the volunteer troops who are serving in the Philippines. The review will take place in Minneapolis and St. Paul. Nearly all the volunteer regiments now in the islands are to be present.

It is understood the volunteer regiments of Kansas, Nebraska, Colorado, California, Oregon, Washington, Montana, Utah, Iowa, South Dakota, North Dakota and Tennessee will soon start for the United States.

The first of these will leave about June 15. The review, it is thought, will take place some time in August.

AL SMITH RECEIVES MEDAL

Four Hundred Attended the Francis Murphy Meeting Yesterday

Four hundred people gathered in Columbia hall yesterday afternoon and attended one of the most successful temperance rallies ever held in Janesville. It was a meeting of the Francis Murphy Temperance League.

The orchestra from the State School for the Blind was present and furnished most excellent music. Among the speakers of the afternoon were Dr. J. B. Whiting, Rev. Schultz, and Rev. E. H. Pence.

During the meeting Rev. Pence presented Al Smith with a gold medal as the result of his labors in the interest of temperance.

The token was a surprise to Mr. Smith and in a brief speech he thanked the members of the league for the kindness extended.

Mr. Smith has been a hard worker for the cause of temperance and that he has done much good is quite evident.

The meeting was presided over by Dr. James Mills and proved one that every temperance worker in the city may well feel proud of.

Kentucky Names.

American ingenuity is at its best, perhaps, in naming the baby. For instance, the Russellville Herald-Ledger finds these names among those listed for poll-tax in Logan county, Kentucky: Nim Forehand, Spot Garrett, Kennedy Poteet, Constance First, Perk Lamb, Major New, Lum Bliberry, South West, Lum Low, Toss Bell, Lee Panther, Yack Fresh, Wash Garrigus, Carl Phelps, Green Self, Bill Pulley, Penny Hightower, Bill Fippes, Hose Stewart and Lamuel Kisselbaugh.

That Deep Hole.

It is reported that the deepest ocean sounding yet recorded has been made by the British steamer Penguin, during a cruise in the Pacific. A depth of 4,762 fathoms was found between Auckland and the Tongan Archipelago. The Penguin also investigated the recent disappearance of Falcon island, which was formed during a volcanic eruption in 1885, and it was found that the island had sunk three fathoms below the surface.

Ships and Lightning.

The reason why ships are not struck by lightning is attributed to the general use which is now made of wire rope for rigging purposes, as well as to the fact that the hulls of ships are usually constructed of iron or steel. Thus the whole ship forms means of which the electricity is led away, by an excellent and continuous conductor, into the ocean before it has time to do any serious damage.

ISSUES MARRIAGE LICENSES

A Very Busy Day With County Clerk Starr.

County Clerk Starr found this his busy day in the matter of issuing marriage licenses.

Four were issued as follows: Harry Stacy and Bertha Hedgdon, Chicago.

William Miller, Marshall, Minn., and Rosa Rettig, Evansville.

Frank Matthys, Elgin, Iowa, and Ada Pickering, Janesville.

John Dooley, Footville, and Katherine Garry, Magnolia.

President McKinley Issued Amendments to the Civil Service Rules.

Washington, May 29.—[Special]—The president today issued amendments to the civil service rules. They release about 4,000 offices from the operation of the rules.

TIED OF THE WORLD

Orville Hornbeck, of Plattville, Disappears Very Suddenly—Left a Note Behind.

Plattville, Wis., May 29.—[Special]—Orville Hornbeck, working on the Louis Deiter, a farmer living three miles southwest of this city, has disappeared. He left home last Wednesday in his working clothes, and has not been seen since.

The following note was found in his room: "I am disgusted with this world, and I am going to leave it, and will leave Mr. L. to settle my accounts. Signed, Orville E. Hornbeck."

World's Great Men.

From what little we know of his early life and inheritance Shakespeare seems to have been less entitled to fortune than any of the world's great men. The son of probably almost illiterate parents, and brought up in the unintellectual and prosaic atmosphere of an insignificant agricultural village, fortune seems to have done nothing to excite and develop his imagination, and very little to increase his knowledge of mankind. His very modest success in London seems to have been in spite of fortune's frown, and he seems to have escaped the cold welcome of the metropolis as soon as he could. There was neither example nor rivalry to stimulate his efforts, nor foreign travel to mature his knowledge.

Fire-Drill in the Schools.

An incident of the awful Windsor hotel fire, in which so many lives were lost, is probably suggestive. A class of children were receiving instruction in one of the rooms. A sensible maid came in and whispered to the teachers that the hotel was on fire. The children, at a word, fell into line, and marched out in an orderly way; not one perished. During the same week a schoolhouse in Brooklyn caught fire and burned rapidly. The children, accustomed to their fire drill, in this instance also fell promptly into line of march and went safely out.

Danny's Letter.

Danny's father, who is a farmer and stock-grower, took several car loads of hogs, reared on his own farm, to Chicago, where he sold them to the great pork-packing firm of Armour & Co. While in Chicago Danny's father received the following letter from the little boy: "Dere papa: Did you see Mr. Armour kill the big fat hog with the black tail and didn't he think it was a buster? I was sorry to see the hogs leave the farm and you most of all. Your loving son, Danny."

In Bombay.

Bombay, writes a traveler, is the second city in the British empire. Here are endless streets, bordered with palm and banyan tree. Here are beautiful homes, erected by white man and native. Here are markets and bazars; and here are horse cars and well-paved, well-policed, well-lighted thoroughfares; a postoffice, a telegraph building, a university—in short, a veritable London set down in this tropical country, but apparently inhabited entirely by half-naked Hindus. Most noticeable among the natives are the Parsees, found only in Bombay. They are descendants of the Persians, who were driven into India by the Mohammedans centuries ago, and, having intermarried, have preserved their ancient characteristics. They are educated, intelligent and refined to a degree superior to the Hindus, are prosperous and wealthy, and are fire-worshippers.

World's Fastest Torpedo Boats.

It is announced that the four torpedo boats which have been built for the Chinese government in Elbing, Germany, are ready to proceed under their own steam to the Flowery Kingdom. These boats developed the remarkable speed of 33 to 34 knots an hour in their trials, which showed them to be the fastest vessels in the world. Capt. Lew Buah of the Chinese navy will conduct the new boats on their maiden cruise.

MORE CUBANS RECEIVE PAY

An Increasing Inclination On Their Part.

LEADERS HAVE DIFFICULTY IN RESTRAINING THEM.

Natives More Anxious to Get their Share of the \$3,000,000—Seven More Payed at Lapunta Today—Payment of Troops in the Interior to Begin Wednesday—Decoration Day to Be Observed Throughout the Island—Graves of Soldiers and Maine Victims to Be Decorated.

Havana, May 29.—[Special]—Seven more Cuban soldiers received their pay at Lapunta today. There is an increasing inclination on the part of the soldiers to get their pay and leaders are having much difficulty in restraining them. The payment to the troops in the interior begins next Wednesday. Decoration day will be a holiday throughout the island. The graves of soldiers and the Maine victims are to be decorated with great ceremony.

Kipling's Place in Literature.

Rudyard Kipling now seems to be so far along on the way to recovery that the English-speaking world may be congratulated upon a narrow escape from an irreparable loss. By general consent Kipling may be said to possess more of that mysterious fire called genius than any other living writer. Since Stevenson's death Kipling has been quite universally accorded the foremost place in the ranks of modern authorship. To compare him with Stevenson would be futile, for the work of the two men is different, and Kipling has scarcely more than begun his career, while Stevenson had at least reached his prime. Kipling's greatest work is undoubtedly still before him, and this is why his death would have been so poignant a blow to the literature of the epoch.

PATRIOTISM IN OUR CHURCHES

Special Services Were Held Yesterday.

MEMBERS OF W. H. SARGENT POST ATTEND.

Local Divines Pay Tribute to Departed

Heroes—Priceless Glory of Their Deeds Is the Theme—Appropriate Music Adds Much to the Interest—Discourses Worthy of the Occasion—Decorations Were Elaborate—Powerful Significance to Memorial Day.

In several of the local churches services were held in memory of the nation's dead soldiers. The sacred edifices were handsomely decorated for the occasion and the themes were most patriotic and inspiring and kindled the spark of patriotism in the hearts of those who attended and the interest manifested shows that Memorial day has a powerful significance.

True Patriotism.

The subject discussed at Court Street church yesterday, was true patriotism. Patriotism is not fireworks. It is not brass bands or brass cannon or brass thunder. There is nothing brass about it. It is not flags and bunting. Mr. Hall here spoke of the very beautiful decorations of the church, which were made by the Epworth League. The wind, he said, never kissed a flag more beautiful than ours. Our colors are an anthem unheard but felt. But flags and bunting are not patriotism. It is not of the eye or ear, but of the heart. A dog can see and hear, but a dog cannot be patriotic. Some people cannot. It takes a soul to be patriotic. Patriotism is of the spirit. What is patriotism? It is love of country. It is a love, not pretended, but real. Not a love that oozes away in a watery sentimentality, that sacrifices nothing, but a love that gives, a love that does. Mr. Hall spoke of the soldiers, those who went to both our late wars. He pictured the soldier saying good bye to loved ones, pictured him in the rush of battle and death. Then he said, "Was his patriotism a mere superficiality, a coat put on for proper occasions; or was it something as deep as his deepest heart? True patriotism is profound. It permeates the whole being. It lights fire on the altars of sacrifice. It starts high endeavor. It undertakes grand things. Mr. Hall here spoke of Memorial day, and of the noble purpose on whose shoulders it was carried. Free patriotism should exist in times of peace. At Christmas love speaks loudly in the sweet language of gifts. But love should last all the year. It should be shown in little kindnesses, even as the great summer is declared by the little violets. War is patriotism's splendid exhibit, but true patriotism is not bit off by the end of the war.

Our country is strong and weak. There are dangers that threaten. We are as a people over confident and under watchful. Let us watch, pray and do. Always doing intelligently. Always taking the next step next; but taking that step, and holding it, to go on from.

Freshly Christian Church.

Rev. E. H. Pence took for his text Esther 9, 28. "That these days should be remembered and kept throughout every generation, every family, every province and every city."

The concluding chapters of the book of Esther tell of the establishing of the yearly feast by which the Jews should commemorate their deliverance from destruction. Men in all ages have established memorials of some kind, that

Have You Seen the Free Exhibition OF THE SEVEN SUTHERLAND SISTERS

Hair Grower and Scalp Cleaner?

If not, do not delay longer, as the days of the exhibition are limited. It will pay anyone to see the luxuriant growth of hair worn by the ladies in attendance, which, by the way, was produced by the use of the highly meritorious preparations they represent, and was not inherited, as some people think.

The ladies will cheerfully give to all visitors, free of cost, any information desired regarding the necessary treatment of the hair and scalp to produce the best results.

It costs nothing to see this great exhibition, so why not come today? Everybody is invited.

KING'S PHARMACY,
Cor. Jackson and Milwaukee Sts.

their names may not perish from the earth. This is instanced by the wonderful Tajmahal in India, the pyramids and the catcombs. Westminster Abbey, as long as it shall stand, shall be a perpetual reminder and memorial of the illustrious dead who lie within its walls.

It is befitting that we should remember this day, and keep it sacred and hallowed, and it is with some fear that we see the growing spirit of irreverence for this day, among our American youth. Men who marched and fought and bivouacked through the long days and nights of thirty years ago, and women who waited and watched and prayed for dear ones marched away, cannot but feel that this is a holy day, a day of days. Let us not forget its lessons, and one of them is the lesson Rudyard Kipling meant to teach the people in the day of Great Britain's greatest anniversary, not to forget the God of their fathers, who had kept and guided them and brought them their wonderful prosperity.

So when we think of the great men who have lived and died and helped so much to make America what she is today, let us not forget the power of God and His wonderful goodness in the past. "There is a divinity that doth hedge in a republic," as well as a king. We were not left to grope our way out of the darkness as best we could, but a wonderful intelligence has led us from one point to another. Who could foresee or imagine the consequences of the Magna Charta or the Battle of Marston Moor; the sailing of the Mayflower, and the issuance of the Declaration of Independence? Step by step our country has developed from a struggling band occupying a narrow strip on the Atlantic coast, menaced by savages and pursued by numberless perils to the Americans of today. The French and Indian wars graduated a Putnam, a Green and a Washington, who led our country on to independence, and who framed a constitution which gave liberty and all its blessings to all.

God's providence is again shown in the marvelous rise of great men who were almost unknown a generation ago. When the time was ripe, when God and our country needed their services, He had the men ready for the need. General W. T. Sherman, Philip Sheridan, John Gibbon, George B. Thomas, the "Rock of Chickamauga," Grant and Lincoln, are illustrious examples of the way God prepared men to meet emergencies in our country's development.

There is another lesson from Memorial Day and its associations, and that is, that sacrifice is the law of progress. Some must be sacrificed if mankind would be uplifted. Over every temple of liberty the inscription is written in letters of blood. Death is the price of life. The son of man was sacrificed on the cross of Calvary that the world might be redeemed. He came "not to bring peace into the world, but a sword." The sword of sacrifice at the altar of liberty. What liberty and progress and institutions cost, God only knows, but the youth of today has no appreciation of what these blessings cost, and the spirit of irreverence is a menace to the strength of our country. If there is any danger to our nation, it is not from any hostile army, from without from its paralysis and decay within, that shall thus eat away its strength, the irreverence in the heart of the young man of today for these, our old and time-honored customs and institutions.

To us of today, the product of four wars, God has given the duty and responsibility of being strong to the world's weakness, and, though it be through much toil and suffering to bless the waiting world with the blessings which He has given us.

SUNDAY SCHOOL CAMPAIGN

Rock County Workers Began the Season's Labor Yesterday at Hanover

The summer work of the Rock County Sunday School Association was inaugurated with the meeting held at Hanover yesterday, and a good beginning was made, despite the fact that the storm interfered with the morning meeting. The afternoon was more pleasant, however, and a goodly audience turned out.

Two new workers were at the meeting—Rev. D. H. Griggs, and Mr. Charles Kelsey. The former was for years engaged in mission work in Chicago, while the latter is the Southern Wisconsin Missionary for the American Missionary Sunday School Union.

Both rendered manifold services at the meeting, and the local workers were very glad of their able assistance.

The next rally will be held at Newville on June 4, and one will probably be held at Magnolia on the week following.

MRS. BRUNSON SURPRISED

Daughters of Rock and Families Honor Hostess' Birthday

A large delegation from the Janesville Lodge No. 171, Daughters of Rebekah and their families took possession of the home of Mrs. O. P. Brunson, 108 Park street last Saturday evening. The occasion was the birthday of the hostess and the fact being known to her sister members of that order, they planned a most successful and enjoyable surprise. The evening was passed in a most delightful manner by all present and the guests did not disperse until the midnight hour. Mrs. Brunson was the recipient of a beautiful gold watch and chain. Dainty refreshments were served to which all did ample justice.

FAVOR HENDERSON AS THE SPEAKER

WISCONSIN CONGRESSMEN SUPPORT THE IOWAN.

Action is Said to Insure His Election—Congressman Cooper Is Made Chairman of the Delegation, and Will Control It in the Voting at the Capitol.

Wisconsin's congressmen will support David B. Henderson, of Iowa, for speaker of the House of Representatives. This agreement was the result of the caucus held at Milwaukee.

Before the caucus adjourned the vote to support General Henderson was made unanimous, and all present pledged themselves to abide by the caucus action. The first vote taken was an informal one, and resulted as follows:

For Henderson—Babcock, Minor, Esch, Barney, Cooper, Jenkens, Olson.

For Hopkins—Dahle, Davidson, Stewart.

After this expression of opinion had been had the motion was made that the Wisconsin delegation support General Henderson as a unit, and carried unanimously.

Effect on Other States

More important, however, than the fact that General Henderson has gained ten votes in the speakership contest is the effect the early action of this state is expected to have on the other state delegations from the central West, who will have soon to decide between the two western candidates, as Wisconsin did.

The claim is made confidently tonight by General Henderson's friends here that Michigan, Indiana, Minnesota, and Ohio have agreed to follow Wisconsin's lead, and also declare for the Iowa candidate. Michigan has its caucus on June 7 at Mount Clemens, and the other states are to get together soon after.

Say It Assures Henderson's Election

"This action of the Wisconsin delegation today means that General Henderson will be recognized as the only western candidate within thirty days and practically assures his election as speaker of the next congress," declared Congressman Babcock, who has acted as Henderson's manager, this evening. "Michigan will do the same thing when it meets, as will Indiana, and there is no doubt where Minnesota stands. We will get Ohio also, and the speakership will be decided long before congress meets."

Congressman Tawney, of Minnesota, who was here in the Henderson interest, came in this morning from Detroit. He gave the Wisconsin congressmen assurances that if they would support Henderson, Michigan would do likewise. From whom he received these promises has not been stated, but in talking with a correspondent for The Tribune Congressman Tawney said:

"With Wisconsin declared for Henderson, Michigan and Minnesota will do the same, and his election is assured."

Congressman Cooper, of Racine, was chairman of the caucus and made chairman of the delegation, with power to handle it during the balloting for the speakership. The effect of this is understood to mean that Congressman Cooper is the delegation's choice for chairman of the Rivers and Harbors committee, and that is the main condition on which the decision to support General Henderson was arrived at.

Expected It Before.

Mr. Cooper who lives at Racine and represented the First District, expected that place before, but was refused by Speaker Reed. It has always been thought here in Wisconsin he was badly treated in the matter, and the understanding here tonight is that General Henderson gave Congressman Babcock to understand, at their conference at the Auditorium yesterday, that Mr. Cooper could have the place. That also explains the putting of Mr. Cooper so strongly to the fore today and the retirement of Mr. Babcock, who was General Henderson's chief lieutenant, to comparatively obscurity in the proceedings. It is taken as a matter of course, however, that if General Henderson is successful Congressman Babcock will remain at the head of the District of Columbia committee.

About Hammocks

Illustration of a person sitting in a hammock.

We have received a very large invoice of hammocks, the best we could find on the market, and we think the handsomest lot that ever came into the city. We have sold a great number of hammocks during the past two seasons and the assortment we are now showing will increase our sales materially this year. Hammocks from \$1.25 up to \$4.00, with fringe, pillows and balance strings. Sanborn.

EVER POPULAR ATTRACTION

Uncle Tom's Cabin at Myers Grand Thursday Evening

Al. W. Martin's big dramatic scenic production of "Uncle Tom's Cabin" comes to the Myers Grand Thursday, June 1. This is the biggest and best organization of the kind on the road, over ten thousand dollars having been spent on magnificent scenery and effects. The features introduced are novel, numerous and startling; the dramatic cast is one of the best ever put together, for this continuous success. The part of "Uncle Tom" is played by Milt. G. Barlow, whose name is a household word, from coast to coast, as the greatest of all old man negro impersonators. The specialty features are introduced by a corps of colored artists, including the original Georgia Jubilee singers, who introduce camp meeting songs, banjo solos and quartettes. A grand prize cake walk, by the colored members, buck and wing dancing contests and features too numerous to mention. Among the scenical effects, is an exciting steamboat race, between the Natchez and the R. E. Lee, cotton fields and plantations, portraying habits of the southern negro. St. Clair's residence, by moonlight, the most beautiful plantation picture ever painted, gorgeous tableau and transformation of Eva in the golden realms. A free street parade, comprising fifty people, three bands, chariots, donkeys, oxen, horses, ponies, etc., will be given at noon.

DOINGS AT BELOIT COLLEGE

Talk of the Base Ball Team Making An Eastern Trip

There is a prospect of the Beloit college ball team making an eastern trip. It is said some eastern men who are friends of the college and have watched its athletic career with pride, may provide the money to pay the expenses. The college team is the wonder of the east, and all its contests are watched with interest in the eastern schools where athletic and scholarship honors go hand in hand. A number of eastern schools would be glad to meet Beloit in a contest and if the trip is arranged some great games are expected. The team's away from home schedule is as follows: June 1, Michigan, at Ann Arbor; June 2, Oberlin at Oberlin; June 3, Perdue at Lafayette; June 10, Chicago at Marshall field.

Owing to the future engagement of Crann's bicycle park, where the events were to take place, the date for the field day program is now indefinite. Many are working hard, and when the day comes there will be some very good contests.

FEAR FOR TWO IOWA TOWNS.

Windstorm Reported to Have Caused Great Destruction.

NOTHING DEFINITE KNOWN.

Cyclone in South Dakota Responsible for the Deaths of Seven Persons and the Serious Injury of Three Others—Many Towns Damaged.

Cedar Rapids, Iowa, May 29.—A report is current here of great destruction by a windstorm at Tama, Iowa. It is also rumored that the town of Dows has been destroyed by a cyclone, but no particulars are obtainable.

Chamberlain, S. D., May 29.—Word reached here Sunday of a death-dealing cyclone which passed over the country in the vicinity of Bijou Hills, twenty-five miles south of this city, between 4 and 5 o'clock Saturday afternoon. Reports tell of the killing of seven persons and the serious injury of three others.

The killed are Charles Peterson and his six children, four boys and two girls, ranging from 3 to 15 years old. His wife and two remaining children were so badly injured they may also die.

The cyclone formed on a section in plain view of hundreds and moved in a southerly course. The first place reached was that of Ara Caden, which was destroyed. The raging wind then demolished a church and a school-house, after which it reached the Peterson place, where the execution done was appalling. The dead and injured were strewn all about the premises, while the buildings were smashed to splinters.

The cyclone then passed into the range of hills skirting the Missouri river, where it appears to have been dissolved. The path covered was only about twenty rods wide and about three miles in length. The wind was accompanied by a heavy fall of rain and hail.

Chicago, May 29.—Dispatches received here show that Illinois, Indiana, Ohio, Michigan, Kansas, Nebraska and Missouri have been swept by severe wind, hail and rain storms. Near Keokuk, Iowa, five persons were injured, one fatally, by a cyclone. Wind also did severe damage at Mingo, in that state, while a hailstorm of great severity visited Ponda. Hundreds of window panes in Beatrice and Hastings, Neb., were broken by hail, while vegetation was ruined and thousands of birds were killed. In Hamilton County, Neb., \$75,000 damage was done by wind, but no lives were lost. Michigan was visited by severe electrical storms, many houses in St. Joseph and Benton Harbor and vicinity being struck by lightning. An unknown bicyclist, who had taken shelter under a tree near Watervliet, was killed. Numerous washouts, due to torrents of rain, are reported in Illinois and Michigan. Thirty persons attending a "barn-warming" near Sandusky, Ohio, were prostrated by one bolt of lightning, but only one, Louis E. Bert, of Oxford township, was killed.

Whooping Cough.
I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. Moore, South Burgattstown, Pa. For sale by People's Drug Co.

The Paris Not Yet Afloat.
London, May 29.—The American line steamer Paris, which has now been stranded for a week on Lowland point, Cornwall, still remains hard and fast on the rocks. Another effort to get her afloat was made Sunday, but it was as fruitless as the preceding attempts.

I have been a sufferer from chronic diarrhoea ever since the war and have used all kinds of medicine for it. At last I found one remedy that has been a success as a cure, and that is Chamberlain's Colic, Cholera and Diarrhoea Remedy.—P. E. GRISHAM, Gales Mills, La. For sale by People's Drug Co.

YOUNG MEN JOIN THE CHURCH.

Stirring Scenes in Closing Sessions of Y. M. C. A. Conference.

Grand Rapids, Mich., May 29.—The Y. M. C. A. international convention closed Sunday night. In the afternoon a general mass meeting for men only was held in the Auditorium, with an address by S. M. Sayford of Boston. There was an immense audience, and after Mr. Sayford's address the services took an evangelistic turn and intense religious enthusiasm prevailed. As a result over sixty young men professed conversion.

The meeting at night was announced as a farewell service. More than half the seats were occupied by women, while men crowded the standing room and hundreds were unable to get into the hall. The service concluded with the taking of subscriptions for funds to be used in extending the work of the association in foreign lands.

The subscription, nearly all pledged by associations, amounted to \$3,400. This money is to be used to send seven secretaries into new foreign fields to be located by the international committee.

THIS DAY IN HISTORY.

1630—Charles II. of England born; died 1685. The Merry Monarch had a merry chase for the throne before he got it. After his father's defeat at Naseby he lived in exile. At the age of 29, he assumed the title of king on learning that his father had lost his head in trying to be king. He was then in Holland. With the help of the Scots he landed and marched to conquer his kingdom, but barely escaped with his head on his shoulders. The death of Cromwell, ten years later, gave him a chance for that career which is both famous and infamous.
1690—Sarah Jennings, famous as Duchess of Marlborough, born; died 1744.
1810—The Count de Montebello, French statesman, born in London; died in Paris 1870.
1814—Empress (or ex-Empress) Josephine died at Malmaison, near Paris; born in Martinique 1768.
1820—General Winfield Scott, U. S. A. (retired), died at West Point; born in Virginia 1780.
1884—Mordecai L. Hopkins, a prominent Chicago journalist, died in that city.

FAVOR MR. WHITEHEAD.

Hon. John M. Whitehead should succeed himself as senator from this district. Mr. Whitehead has announced that he would be pleased to serve another term, and his friends predict his renomination by acclamation.

Senator Whitehead has been one of the foremost members of the upper house, and no district was represented by a cleaner or more able representative. He was on the right side of every question; the author of many important bills, and rendered the people valuable service. When his voice was raised for or against any measure, his colleagues were all attention, for they knew that Senator Whitehead's remarks would not only be well worth hearing, but born of mature reflection, sound common sense, and unimpeachable integrity.

The people are blessed with the efforts of too few legislators of Mr. Whitehead's ability and character, and when such men are public spirited enough to take up the burden, their work should be appreciated.

Senator Whitehead has served during two sessions of the legislature and has gained experience that is invaluable. His retirement would be a loss to the state as well as a loss to the people of this district; while his re-election would be a commensurate gain. Therefore he should again be honored by the constituency that he has honored, with a unanimous renomination.

News dispatches say that in the last three months the fire insurance companies of New York have paid in losses two and one half times as much as they have taken in premiums. In Janesville the proportion is reversed, owing, largely, to the excellent fire department and water service.

There is a marked difference between the press reports from the Philippines and Cuba, and the reports sent to Washington by the commanding generals. This being the case, why not put the correspondents in command of the army, and have the soldiers do the reporting?

The enterprising Milwaukee Journal, independent, says it is still a "believer in democratic principles," which means, well, what does it mean? We respectfully refer the question to the various gold and silver democratic organs for settlement.

The Hon. Hinky Dink Kenna, of Chicago, is one of the few Simon pure patriots of the United States—he voluntarily spends \$1,500 per year more than his salary as an alderman to hold his seat as a member of the common council.

The Chicago man who had his neighbor arrested because the latter playfully greeted him by saying "Hello, you old stiff!" would seem to merit the name—he's formal enough.

Press dispatches say that General Otis must have more troops, but as General Otis "does not say so it is not thought that another army will be enlisted just yet.

"Where will the new postoffice be located?" is a question that can be easily answered—by asking "What difference does it make to anyone but the owners of adjoining property?"

Peck's Sun remarks that now that the railroads are "relieved from the pass evil they can certainly afford to build a nice, smooth track for their old friends to walk on."

The C. & N. W. and C. M. & St. P. railroads seem to agree on the matter of freight rates much better than they do on the matter of crossings.

Janesville people will hear with regret that Hon. Nicholas Smith is in poor health, and hope that his projected vacation will restore him completely.

So Dryfus is to be tried again, thereby "keeping the story alive," as the newspapers say, for another year at least.

RAILROAD WRECK
SATURDAY NIGHT

RIGHT OF WAY CAUSED THE TROUBLE.

Passenger and Freight Train Tried to Make the Mississippi Crossing at the Same Time—Conductor James York Was Bruised But Is Not in Dangerous Condition.

Attempt on the part of a Chicago & Northwestern passenger train and a Chicago, Milwaukee & St. Paul freight to take the Mississippi crossing at the same time three miles north of this city Saturday night at 8:20 o'clock, resulted in a collision and a wreck.

The freight was south bound and was in charge of Conductor J. B. Callahan and Engineer Otto Schicker.

The passenger is the train known as the Janesville-Chicago accommodation and was north bound in charge of Conductor James York and Engineer Edward Riley. Both trains were on time and on reaching the crossing the train crews now claim that they obeyed orders by stopping at the place designated by the 400 feet sign board, prior to taking the crossing.

At any rate both trains try to make the crossing at the same time, resulting in a collision. The freight engine crashed into the smoker of the passenger, demolishing one end of it and knocking it fully fifty feet away.

The engine was turned completely around, thrown from the track and badly demolished.

Aside from the smoker on the passenger and the freight engine, no other car left the track.

The freight had thirty-two cars, twenty-six being loaded. At the time of the crash four men occupied the smoker and were playing cards. They all escaped injury. Conductor James York, who was about to enter the smoker from the baggage car, was badly injured, but not dangerously. No one else was injured. In the rear coach were several passengers who were badly frightened.

Wrecking crews yesterday cleaned the tracks and today head officials of both roads arrived to adjust matters.

Miss MARY WILCOX will sing at the Festival concert Wednesday evening. Janesville people should not miss the opportunity to hear her.

You Don't Break Them In

Julia Marlowe Shoes and Oxfords lay to the foot perfectly the first time you put them on. There is no necessity for the usual "breaking in time" that most Shoes require. They embody a rare combination; with absolute comfort you also get perfect style. Rarely you see a Shoe that is comfortable that is really handsome. Not so with Julia Marlowes. The elastic going over the instep gives the ease, and the style is equal to any Shoe you ever saw.

A Few Points wherein the Julia Marlowe styles differ from other Shoes.

They fit like a glove.
They never pinch the foot.
They are beautiful in design.
They fit high or low instep.
They yield to every action of the foot.
They conform in vital points to the shape of the wearer's foot instead of pressing the foot into the shape of the shoe.

Unknown Man, address Alton, Ill.; head and chest injured.

W. E. Arnold, Minneapolis; internal injuries.
The ill-fated train was No. 5 passenger, scheduled to arrive at Waterloo at 1:20 Sunday morning. It was a little behind time, but was running at its usual rate of speed. At Sink creek there is a culvert built of massive blocks of stone. This culvert was undisturbed by the high water due to Saturday night's storm, but not so with the loose materials with which the

track was ballasted. The sand and gravel were washed from under the track, leaving it unsupported for stretches of from ten to twenty feet. As the train sped on in the darkness the engine struck this unsupported track and began to swing from side to side. Warned of impending disaster, the engineer and fireman leaped from the cab, escaping with slight injuries. Leaving the track, the engine plowed its way deep into the earth along the side until it came to a stop, lying in the ditch. Behind it the cars were piled up in a confused heap. The mail car was tipped about half way over and was partially telescoped by the baggage car. The rear end of the baggage car telescoped the smoker for fifteen feet. The rear half of the smoker was raised up and rested upon the roof of the passenger coach following. Behind this were the two cars which suffered most severely. The first was the ordinary passenger coach, which almost completely telescoped the sleeper. In this part of the train occurred the greatest loss of life.

As soon as the news of the wreck had been brought to Waterloo the fire whistle was blown, calling out the fire department to engage in the work of rescue. Those of the passengers, injured or otherwise, who could be quickly extricated from the debris were brought to the city as soon as they could be got aboard the car. On the first train were brought four dead bodies and one whose injuries resulted in death shortly after arrival in Waterloo. Another relief train came up from Cedar Rapids, bearing Superintendent Goodell, and returned to that city, bearing a number of the more seriously injured to be treated at a hospital in that city.

The bodies of the two conductors, Carpenter and Wainwright, were found together in the telescoped sleeper. One of the saddest cases was that of R. H. Schweippi of Alton, Ill., who died at the Beck, Naumann & Watts building, where many of the injured were taken. When brought in it was plain that he had sustained some serious internal injuries. He was cut about the head, and his wounds, both external and internal, were bleeding freely. To a physician he confided that he was on his way to Minneapolis to be married. He expected to reach Minneapolis at 7 o'clock Sunday morning, and the ceremony was to have been performed during the day. He asked a physician to telegraph his father and his sweetheart.

Many of the injured are members of a party of immigrants on their way to seek North Dakota homes. Many cannot speak a word of English, and the doctors had to use an interpreter to learn the nature of their injuries.

Freight Train Wrecked.
Denison, Tex., May 29.—Sunday morning at 11 o'clock an extra freight train, east bound, on the transcontinental division of the Texas & Pacific, was wrecked two miles east of Whitesboro. The engine was bowling along at about twenty-five miles an hour when it jumped the track, wrecking seven cars of merchandise and killing Engineer John Olson under the wreckage, crushing and mangling him frightfully.

Maple Leaf Train Ditched.
Oelwein, Iowa, May 29.—The Chicago Great Western passenger train that left St. Paul Saturday night at 8:10 o'clock was wrecked two miles north of this place early Sunday morning. One person, the colored porter, was killed. Several men and women on the train were more or less injured. The wreck was caused by a washout.

Wreck Reported on Wabash.
St. Louis, Mo., May 29.—It is reported that there has been a washout on the Wabash near Griggsville, Ill., and that a passenger train has been wrecked.

Says Road Is Responsible.
Norristown, Pa., May 29.—The Norristown and Pottstown juries, which have been jointly investigating the cause of the fatal wreck on the Reading railway, at Exeter, Saturday rendered a verdict holding the Reading Railway company responsible for the accident, which occurred two weeks ago, and resulted in the loss of twenty-nine lives and injuries to over fifty persons.

Changes in the Laws of War.
The Hague, May 29.—With reference to the discussion of the laws of war by the commission of peace conference appointed for that purpose it has been practically decided that any clauses added to the Brussels or Geneva conventions will be permissive and in the nature of instructions to armies and navies in war time rather than rules sanctioned by international law.

Baptists Fill the Pulpits.
San Francisco, Cal., May 29.—Visiting baptist clergymen filled all the evangelical pulpits in the city Sunday. The honor of preaching the official sermon fell to the Rev. George C. Lorimer, LL. D., pastor of Tremont temple, Boston. In the afternoon a mass-meeting of the Baptist Young People's union was held. The feature of the evening was the missionary mass-meeting.

Chicago Live Stock Report.

Chicago, May 27.—A liberal closing run of hogs found sale at better average than was made Friday, sales ranging close to 60 higher than the weak morning prices that day. Absolutely nothing was done in the cattle department and the few sheep included in a run of 2,000 (most of which went to killers) went slowly at the reduced prices lately noted. Receipts were estimated at 200 cattle, 19,000 hogs and 2,000 sheep. Offerings have been closely bought up in all branches and the week's trade in general was fairly satisfactory to the selling side, some decline from the late high prices for sheep being the only considerable change as compared with one week ago. Quite heavy receipts of cattle and hogs are anticipated for Monday's market, but no very heavy run of sheep, and the general scale of values at the close this week seems on a fairly reliable basis.

The dining room of The Mrs. Clark Co., 151-153 Wabash Ave., Chicago, is the best appointed and most modern restaurant in the city. It has been recently refitted, improved and enlarged and has an elaborate menu at moderate prices. It caters to those who demand the best.

The restaurant on the 7th floor of the Association building in La Salle street is also run by this company and is equally inviting and attractive.

Rumor of a New Trial for Dreyfus.
Paris, May 27.—It is currently reported that the report of the president of the civil service section of the Court of Cassation, M. Balot de Beaupre, to the president of the Court of Cassation, M. Mazeau, is in favor of a revision of the Dreyfus trial and urges resending the case before a court martial.

Favors Insurance Companies.
Little Rock, Ark., May 27.—The Supreme court sustained the decision of the lower court in the action brought by the attorney general to prevent foreign insurance companies doing business in the state under the anti-trust law. All the companies are resuming business.

Large Immigration from Ireland.
New York, May 29.—The immigration from Ireland is unusually heavy this season. There were landed from the Majestic at the barge office Friday over 750 Irish boys and girls. The latter were in the majority and their ages from 15 years upward.

Mrs. Bradish, of Detroit, Wrote Mrs. Pinkham and Tells the Result.

[LETTER TO MRS. PINKHAM NO. 82,310.]

"About two years ago I began to run down and soon became almost a wreck. I lost my appetite and began to lose flesh; my blood was impoverished and I had to leave our store.

"The doctors gave me a little tonic, but I steadily grew worse and consulted another doctor. He helped me in some ways, but my headaches continued, and I began to have night sweats and my rest was so disturbed that I would have hysteria and would cry and worry over business matters and my poor health.

"Finally, husband took me South, but with no benefit. This was a year ago; no one can ever know what a winter of misery I spent. Would bloat after eating and was troubled with palpitation of heart and whites. Having read by happy chance of your medicine, I bought it and wrote for your advice, and before having finished the first bottle of Lydia E. Pinkham's Vegetable Compound, the hysterics nearly stopped and I slept soundly.

"I used seven or eight bottles with such benefit that I am as healthy as I can ever remember of being. I shall never cease to sound your praises."

Mrs. E. M. BRADISH, 179 Dix Ave., Detroit, Mich.

Mrs. Pinkham's advice is at the free disposal of every ailing woman who wishes help. Her address is Lynn, Mass. Every case is sacredly confidential.

BASEBALL REPORT.

Standing of the Clubs in the Leading Leagues.

The Rancheros lost yesterday to Washington, and then they started east to open in Philadelphia tomorrow. There were no changes in the standing of the teams as the result of the games played yesterday, but some of them are brought so close together that early shifting is likely. Brooklyn took a securer perch in front by winning at St. Louis. The Colonels put Philippi in against New York, but lost. Keister's errors gave Cincinnati eight runs, but Baltimore pounded Hawley and Taylor enough to win. The standing:

DUBOIS SPEAKS FOR SILVER.

Former Senator Declares His Party Will Support Bryan.

Blackfoot, Idaho, May 29.—Ex-Senator Dubois, chairman of the executive committee of the national silver republican party, said Sunday: "The silver republicans will meet in national convention at the same time and place as the democrats. The issues in 1900 will be the same as in 1896, only intensified and more clearly defined, and the candidates for president will be the same. McKinley will be supported by the aggregation of wealth and all that it represents. Mr. Bryan will be supported by the reform forces."

"So far as the silver republicans are concerned, they are interested in the success of the principles which they supported in the Chicago platform. Bryan has not changed and the Chicago platform will be readopted. The union of the democrats and silver republicans will be more complete and harmonious in 1900 than ever before, and everything points to a victory of the reform forces."

More Bogs: Plates Found.

Washington, May 29.—Chief Wilkie of the treasury secret service has received information from Special Agent William J. Burns that he has secured the counterfeit face and back plates of a \$10 legal tender United States note with the portrait of Gen. Sheridan made by Baldwin S. Bredell, the Philadelphia engraver who, with Taylor, is under arrest, charged with being implicated in the wholesale counterfeiting scheme recently unearthed in Philadelphia and Lancaster, Pa. Chief Wilkie expresses the opinion that the plates secured are the last of the lot counterfeited by the men under arrest.

Nine Perish in the Flames.

Savannah, Ga., May 29.—Reports from Hardeeville, S. C., report the burning to death of Jacob Solomons, his wife and seven children in a fire which destroyed their house. The house had been damaged by a storm and Solomons built fires on the floor to keep warm. It is supposed a fire which was left smoldering after the family had retired, was fanned into a blaze and ignited the structure.

Volksraad Approves Conference.

Pretoria, May 29.—The volksraad, in secret session Saturday, discussed the forthcoming conference at Bloemfontein, capital of the Orange Free State, between the British high commissioner for South Africa and governor of Cape Colony, Sir Alfred Milner, and President Kruger, and authorized the president to cross the frontier for this purpose.

Many old soldiers now feel the effects

of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by People's Drug Co., corner Main and Milwaukee streets.

New Remedy.

A little girl in Manchester drank a pint of paraffin oil. The doctor thought she would die, until one of her relatives hit on a happy expedient. They slipped a yard of candlewick down into the oil, lit the upper end, and during the evening she lighted the room nicely and then went to bed all right.

Question of Price.

"That woman tried to beat me down on the price of quinine." "What did she say?" "She said I ought to make it 10 cents cheaper because she had to pay her little boy to take it."
